

# Garden Donations

In 2013, through the vision, dedication, and generosity of many, a grassy hill was transformed into a beautiful place to recognize, remember, and reflect.

WSHS students who we've lost are now permanently remembered by placing their name on a plaque or engraved brick located in the Memory Garden.

This special, one-of-a-kind place of healing can only be maintained, improved, and hopefully expanded with your help.

All donors will be recognized based on their level of generosity.

Please contact WSHS for more details.
